

Privacy Policy

We are strongly committed to protecting your privacy while you are interacting with the Stronger Smarter Professional Learning Module, and after you have completed it. We want to provide a safe and secure environment for you.

The purpose of this Privacy Policy is to tell you what kind of information we may gather about you when you participate in the Stronger Smarter Professional Learning Module, how we may use that information, whether we disclose it to anyone. Our goal is to provide you with a satisfying experience while providing you with a means to voice any questions or concerns you may have.

Personal information you supply may be used to compile statistics used for project management and reporting purposes, but this information will not be maintained in any way that allows individuals to be identified. Apart from the mandatory field included in the sign up process, the extent of personal information that you choose to disclose is up to you.

The Stronger Smarter Professional Learning Module features a 'journal' section that you may use to record your learning journey. The Administrator of the module has access to these journal entries and will view them if you submit a request for a certificate of completion. If we seek to use any journal reflections for reporting or other purposes, we will contact you first. We will not use anything you provide in your journal entries unless you have given us your permission.

The only information the Stronger Smarter Institute will collect is your email address so we can make contact with you and get feedback in order to understand how the module is being used and how we can improve it to better meet the needs of users.

The Stronger Smarter Institute will not sell any personal information or provide it to a third party.

All information is stored in a secured environment.

You are responsible for choosing a secure password, taking the necessary precautions to protect your account and maintaining adequate virus protection on the computer(s) you use to access your account.
